1. Introduction

Vision
St Francis of Assisi school: A vibrant Catholic learning community of peace, justice, respect and excellence.

At St Francis of Assisi PS we hold the care, safety and wellbeing of children and young people as a central and fundamental responsibility of our school. Our commitment is drawn from and inherent in the teaching and mission of Jesus Christ, with love, justice and the sanctity of each human person at the heart of the gospel. This is in alignment with CECV Commitment Statement to Child Safety.

The person of each individual human being, in his or her material and spiritual needs, is at the heart of Christ’s teaching: that is why the promotion of the human person is the goal of the Catholic school (Congregation for Catholic Education 1997, n. 9).

2. Purpose of the Policy

The purpose of this policy is to demonstrate the strong commitment of St Francis of Assisi PS to the care, safety and wellbeing of all students at our school. It provides an outline of the policies, procedures and strategies developed to keep students safe from harm, including all forms of abuse in our school environment, on campus, online and in other locations provided by the school.

This policy takes into account relevant legislative requirements within the state of Victoria, including the specific requirements of the Victorian Child Safe Standards as set out in Ministerial Order No. 870.

This policy applies to school staff, including school employees, volunteers, contractors and clergy.

3. Principles

Catholic schools have a moral, legal and mission-driven responsibility to create nurturing school environments where children and young people are respected, their voices are heard and they are safe and feel safe.

The following principles underpin our commitment to child safety at St Francis of Assisi PS:

- All students deserve, as a fundamental right, safety and protection from all forms of abuse and neglect.
- Our school works in partnership with families and the community to ensure that they are engaged in decision-making processes, particularly those that have an impact on child safety and protection.
- All students have the right to a thorough and systematic education in all aspects of personal safety, in partnership with their parents/guardians/caregivers.
All adults in our school, including teaching and non-teaching staff, clergy, volunteers, and contractors, have a responsibility to care for children and young people, to positively promote their wellbeing and to protect them from any kind of harm or abuse.

The policies, guidelines and codes of conduct for the care, wellbeing and protection of students are based on honest, respectful and trusting relationships between adults and children and young people.

Policies and practices demonstrate compliance with legislative requirements and cooperation with the Church, governments, the police and human services agencies.

All persons involved in situations where harm is suspected or disclosed must be treated with sensitivity, dignity and respect.

Staff, clergy, volunteers, contractors, parents and students should feel free to raise concerns about child safety, knowing these will be taken seriously by school leadership.

Appropriate confidentiality will be maintained, with information being provided to those who have a right or a need to be informed, either legally or pastorally.

4. **Definitions used in this Policy**

All definitions are taken from [Ministerial Order No. 870](#).

**Child:** A child or a young person enrolled as a student at the school.

**Child abuse** includes:

(a) any act committed against a child involving:
   (i) a sexual offence
   (ii) an offence under section 49B(2) of the *Crimes Act 1958* (grooming)

(b) the infliction, on a child, of:
   (i) physical violence
   (ii) serious emotional or psychological harm

(c) serious neglect of a child.

**Child safety** encompasses matters related to protecting all children from child abuse, managing the risk of child abuse, providing support to a child at risk of child abuse, and responding to incidents or allegations of child abuse.

**Child neglect:** The failure by a parent or caregiver to provide a child (where they are in a position to do so) with the conditions that are culturally accepted as being essential for their physical and emotional development and wellbeing.

**Child physical abuse:** Generally, child physical abuse refers to the non-accidental use of physical force against a child that results in harm to the child. Physically abusive behaviours include shoving, hitting, slapping, shaking, throwing, punching, kicking, biting, burning, strangling and poisoning. The fabrication or induction of an illness by a parent or carer (previously known as Munchausen syndrome by proxy) is also considered physically abusive behaviour.
Child protection: Statutory services designed to protect children who are at risk of serious harm.

Child sexual abuse: Any sexual activity between a child under the age of consent (16) and an adult or older person (i.e. a person five or more years older than the victim) is child sexual abuse. Child sexual abuse can also be:

- any sexual behaviour between a child and an adult in a position of power or authority over them (e.g. a teacher); the age of consent laws do not apply in such instances due to the strong imbalance of power that exists between young people and authority figures, as well as the breaching of both personal and public trust that occurs when professional boundaries are violated
- any sexual behaviour between a child and an adult family member, regardless of issues of consent, equality or coercion
- sexual activity between peers that is non-consensual or involves the use of power or coercion
- non-consensual sexual activity between minors (e.g. a 14-year-old and an 11-year-old), or any sexual behaviour between a child and another child or adolescent who, due to their age or stage of development, is in a position of power, trust or responsibility over the victim. Sexual activity between adolescents at a similar developmental level is not considered abuse.

Mandatory Reporting: The legal requirement to report suspected cases of child abuse and neglect is known as mandatory reporting. Mandated persons include teachers, nurses, police, psychologists, psychiatrists and medical practitioners.

Reasonable Belief: When staff are concerned about the safety and wellbeing of a child or young person, they must assess that concern to determine if a report should be made to the relevant agency. This process of considering all relevant information and observations is known as forming a ‘reasonable belief’. A ‘reasonable belief’ or a ‘belief on reasonable grounds’ is not the same as having proof but is more than mere rumour or speculation. A ‘reasonable belief’ is formed if a reasonable person in the same position would have formed the belief on the same ground.

School environment means any physical or virtual place made available or authorised by the school governing authority for use by a child during or outside school hours, including:

- online school environments (including email and intranet systems)
- other locations provided by the school for a child’s use (including, without limitation, locations used for school camps, sporting events, excursions, competitions, and other events).

School staff means an individual working in a school environment who is:

- directly engaged or employed by a school governing authority
- a volunteer or a contracted service provider (whether or not a body corporate or any other person is an intermediary)
- a minister of religion.

All students enrolled at St Francis of Assisi PS have the right to feel safe and be safe. The wellbeing of children in our care will always be our first priority and we do not and will not tolerate child abuse. We aim to create a child-safe and child-friendly environment where children are free to enjoy life to the full without any concern for their safety. There is particular attention paid to the most vulnerable children, including Aboriginal and Torres Strait Islander children, children from culturally and/or linguistically diverse backgrounds, and children with a disability.

For our students, we commit to:
(a) the safety and wellbeing of all children and young people enrolled in our school.
(b) providing children and young people with positive and nurturing experiences.
(c) listening to children and young people and empowering them by taking their views seriously, and addressing any concerns that they raise with us.
(d) taking action to ensure that children and young people are protected from abuse or harm.
(e) teaching children and young people the necessary skills and knowledge to understand and maintain their personal safety and wellbeing.
(f) seeking input and feedback from students regarding the creation of a safe school environment.

For our parents and carers, we commit to:
(a) communicating honestly and openly with parents and carers about the wellbeing and safety of their children.
(b) or engaging with, and listening to, the views of parents and carers about our child-safety practice, policies and procedures.
(c) transparency in our decision-making with parents and carers where it will not compromise the safety of children or young people.
(d) acknowledging the cultural diversity of students and families, and being sensitive to how this may impact on student safety issues.
(e) continuously reviewing and improving our systems to protect children from abuse.

For our school staff (school employees, volunteers, contractors and clergy), we commit to:
(a) providing all St Francis of Assisi PS staff with the necessary support to enable them to fulfil their roles. This will include regular and appropriate learning opportunities.
(b) providing regular opportunities to clarify and confirm policy and procedures in relation to child safety and young people’s protection and wellbeing. This will include annual training in the principles and intent of the Child Safety Policy and Child Safety Code of Conduct, and staff responsibilities to report concerns.
(c) listening to all concerns voiced by St Francis of Assisi PS staff, clergy, volunteers, and contractors about keeping children and young people safe from harm.
(d) providing opportunities for St Francis of Assisi PS school employees, volunteers, contractors and clergy to receive formal debriefing and counselling arising from incidents of the abuse of a child or young person.

A Student Wellbeing Team will be established at SFA whose role will include Child Safety as a key responsibility. Details of the specific roles the Student Wellbeing Team are to undertake are outlined; Student Wellbeing Team.

7. Expectation of our School Staff – Child Safety Code of Conduct
At St Francis of Assisi PS community, we expect school employees, volunteers, contractors and clergy to proactively ensure the safety of students at all times and to take appropriate action if there are concerns about the safety of any child at the school. All school staff must remain familiar with the relevant legislation, the code of conduct, and policies and procedures in relation to child protection and comply with all requirements. We have developed an SFA Code of Conduct, which recognises the critical role that school staff play in protecting the students in our care and establishes clear expectations of school employees, volunteers, contractors and clergy for appropriate behaviour with children in order to safeguard them against abuse and/or neglect.

Our Code also protects school staff through clarification of acceptable and unacceptable behaviour.

8. Student Safety and Participation
At St Francis of Assisi PS, we actively encourage all students to openly express their views and feel comfortable about giving voice to the things that are important to them.

We teach students about what they can do if they feel unsafe and enable them to understand, identify, discuss and report on child safety. We listen to and act on any concerns students, or their parents or carers, raise with us. This includes-

- A health program - focussing on personal safety
- The “You Can Do It” program
- In Semester One students Prep to 6 complete ACER Wellbeing Survey
- In Semester 2 Yr 5/6 students participate in the SIR survey

9. Reporting and Responding
Our school records any child safety complaints, disclosures or breaches of the Child Safety Code of Conduct, and stores the records in accordance with security and privacy requirements. Our school complies with legal obligations that relate to managing the risk of child abuse under the Children, Youth and Families Act 2005 (Vic.), the Crimes Act 1958 (Vic.) and the recommendations of the Betrayal of Trust report.
Child protection reporting obligations fall under separate pieces of legislation with differing reporting requirements.

Our school has also established internal processes to ensure that appropriate action is taken to respond to concerns about the wellbeing and/or safety of a student.

Our school’s CHILD PROTECTION REPORTING POLICY, updated in 2016 sets out the actions required under the relevant legislation when there is a reasonable belief that a child at our school is in need of protection or a criminal offence has been committed, and provides guidance and procedures for MAKING A REPORT.

Our policy assists staff, volunteers and families to:

- identify the indicators of a child or young person who may be in need of protection
- understand how a ‘reasonable belief’ is formed
- make a report of a child or young person who may be in need of protection
- comply with mandatory reporting obligations under child protection law and their legal obligations relating to criminal child abuse and grooming under criminal law.

Our complaints and disclosure processes are outlined and detailed in the following policies and procedures:

- MANAGEMENT of COMPLAINTS and GRIEVANCES
- BULLYING and HARASSMENT POLICY

10. Screening and Recruitment of School Staff

St Francis of Assisi PS will apply thorough and rigorous screening processes in the recruitment of employees and volunteers involved in child-connected work in accordance with the CECV Guidelines on the Employment of Staff in Catholic Schools. Our commitment to child safety and our screening requirements are included in all advertisements for such employee, contractor and volunteer positions, and all applicants are provided with copies of the school’s Child Safety Code of Conduct and the Child Safety Policy.

When recruiting and selecting employees, contractors and volunteers involved in child-connected work, we make all reasonable efforts to:

- confirm the applicant’s Working with Children Check and National Police Check status and/or professional registration (as relevant)
- obtain proof of personal identity and any professional or other qualifications
- verify the applicant’s history of work involving children
- obtain references that address the applicant’s suitability for the job and working with children.
We have processes for monitoring and assessing the continuing suitability of school staff to work with children, including regular reviews of the status of Working with Children Checks and staff professional registration requirements such as Victorian Institute of Teaching (VIT) registration.

11. Child Safety – Education and Training for School Staff
St Francis of Assisi PS provides employees, volunteers and clergy with regular and appropriate opportunities to develop their knowledge of, openness to and ability to address child safety matters. This includes induction, ongoing training and professional learning to ensure that everyone understands their professional and legal obligations and responsibilities, and the procedures for reporting suspicion of child abuse and neglect. The Induction Process that all new staff have to complete has a Child Safe component within the process.

12. Risk Management
At St Francis of Assisi PS we are committed to proactively and systematically identifying and assessing risks to student safety across our whole school environment, and reducing or eliminating (where possible) all potential sources of harm. We document, implement, monitor and periodically review our risk management strategies for child safety and ensure that the strategies change as needed and as new risks arise.
